

Article Overview

Leading manufacturers of Ethernet fiber optic switches include Fiber Optic Link, Electro Standards Laboratories, Zhongshan Meisu Technology, Shenzhen Marstars, and Versitron.

Top Manufacturers and Their Offerings

- o Fiber Optic Link - Specializes in fiber switches for multi-mode and single-mode applications, supporting data centers, enterprise networks, and industrial environments .
- o Electro Standards Laboratories - Offers a range of fiber optic switches and related components for high-speed data communication and signal routing .
- o Zhongshan Meisu Technology Co., Ltd. - Provides fiber array sub-assemblies, PM fiber components, HT fiber devices, and fiber optical switches, including solutions for optical communication, sensing, and laser imaging .
- o Shenzhen Marstars Technology Co., Ltd. - Manufactures fiber optic network switches for 10Base, 100Base, 1000Base, and 10 Gigabit networks, available in managed/unmanaged and PoE-enabled formats, with industrial and commercial grades .
- o Versitron - Offers Ethernet-to-fiber switches with port sizes from 4 to 52, supporting multimode and singlemode fiber, managed/unmanaged options, PoE support, and industrial-grade solutions with lifetime warranty .

Key Features to Consider

- o Port Types and Speeds: Options range from 10/100 Mbps to 10 Gbps, with SFP fiber uplinks for flexible connectivity .
- o Industrial Durability: Many switches are designed for harsh environments, with wide temperature ranges, robust housings, and extended voltage tolerance .
- o Fiber Compatibility: Support for multi-mode, single-mode, Plastic Optical Fiber (POF), Hard Clad Silica (HCS), and Polymer Clad Fiber (PCF) ensures versatility .
- o PoE/PoE+ Support: Enables powering of connected devices directly through Ethernet ports, useful for cameras, sensors, and access points .
- o Managed vs Unmanaged: Managed switches provide advanced Layer 2/3 features, VLANs, and network monitoring, while unmanaged switches offer plug-and-play simplicity . These manufacturers provide a wide range of solutions suitable for industrial, commercial, and enterprise networks, ensuring reliable fiber optic connectivity and high-speed Ethernet performance.

The Helmholtz plug-in transceivers according to the SFP standard enable the connection of fiber optic cables to

the FLEXtra switches

This section provides an overview for industrial ethernet switches as well as their applications and principles. Also, please take a look

As a professional China factory-direct manufacturer, Optical Network Video Technologies (Shenzhen) Co.,

A fiber optic network switch is a hardware device used to direct network data traffic through

Need reliable ethernet switch suppliers? Discover verified manufacturers with competitive pricing, MOQ details, and

Discover all relevant Ethernet Switch Manufacturers worldwide, including ADVA Optical Networking and Centric Fiber

Find Fiber Optic Network Switches Manufacturers and Suppliers in the USA and Canada on Thomasnet

Fiber optical switches from WEINERT are based on a micro-mechanical/micro-optical design featuring high

Industrial Ethernet switches - Industrial-strength Unmanaged and Managed Switches Our Industrial Ethernet Switch portfolio

Choose from our selection of fiber optic ethernet switches, including DIN-rail mount ethernet switches, light duty ethernet switches,

19 Fiber Optic Switch Manufacturers in 2026 This section provides an overview for fiber optic switches as well as their applications

Listed here is the database of fiber optic switches manufacturers, fiber optic switches

An authoritative 2026 guide to the top 15 fiber optic manufacturers -- from Corning and Prysmian to Fujikura and LS Cable -- with

Switches Ethernet Transporting over Ethernet Fiber Industrial hardened managed and unmanaged Ethernet Fiber Switch options

The 5-port fiber switch is with 100M optical fiber port and 10/100M Ethernet RJ45 ports. The product is possessed of stable

A network switch (or Ethernet switch) is a communication device that is used to distribute data over cable
