

How much does a Huijue 48-port terminal box cost

Article Overview

The exact cost of a Huijue 48-port terminal box is not publicly listed and depends on order quantity, customization, and shipping terms.

Huijue 48-port fiber optic terminal boxes, such as the HJ-GF-KSW-48C, are designed for fusion and optical distribution in FTTH and FTTX networks, supporting up to 48 fibers . Pricing is typically quoted by the supplier based on factors like:

- o Order quantity: Bulk orders often reduce the per-unit cost .
 - o Customization: Options like OEM branding, specific adapters, or additional modules can affect price .
 - o Shipping and logistics: Costs vary depending on whether you choose EXW, FOB, CIF, or DDP shipping .
 - o Warranty and service: Some suppliers offer 3-10 years or lifetime warranty, which may influence pricing .
- To obtain an accurate price, you should contact Huijue directly through their official sales channels or request a quote on platforms like Made-in-China or Alibaba . When requesting a quote, provide details such as the quantity, delivery location, and any customization requirements to get a precise cost estimate. Additionally, suppliers often accept multiple payment methods including T/T, L/C, PayPal, and local currencies, which can also affect the final purchase cost . By reaching out directly, you can also clarify lead times, shipping options, and warranty coverage, ensuring the total cost aligns with your project requirements.
