

Where can I find waterproof electrical distribution boxes

Article Overview

Waterproof electrical distribution boxes are available from online retailers, specialized manufacturers, and home improvement stores, with options rated IP65-IP68 for outdoor and industrial use.

Online Retailers

- o Amazon offers a wide range of waterproof electrical enclosures, including IP65-IP67 rated ABS plastic and PC/ABS boxes suitable for outdoor projects, solar systems, and EV charging stations. Many models feature hinged or clear covers, DIN rail compatibility, and mounting plates for easy installation (Amazon.com) .

Specialized Manufacturers

- o SinoBreaker provides IP65-IP68 waterproof distribution boxes in AT and HT series, with options for plastic housings and DIN rail configurations. These are designed for harsh outdoor and industrial environments, supporting lighting, pumps, and solar systems (sinobreaker.com) .
- o OOHIMAGE offers ABS plastic distribution boards with IP65 waterproofing, available in 4-way to 54-way configurations. They include transparent covers, DIN rails, and mounting brackets, suitable for residential, commercial, and industrial installations (oohmage.com) .
- o ZCEBOX manufactures IP65 and IP66 rated waterproof distribution boxes for outdoor and industrial applications, with CE and RoHS certifications (zcebox.com) .
- o Saipwell provides customizable waterproof boxes in materials like polycarbonate, aluminum, and steel, suitable for both indoor and outdoor use (saipwell.us) .
- o Daier offers IP65-IP67 rated outdoor junction boxes with transparent covers, vented options, and integrated power outlets for RVs or trailers, ideal for monitoring and protecting electrical connections in harsh environments (daierswitches.com) .

Home Improvement Stores

- o The Home Depot carries IP65 ABS plastic DIN rail breaker boxes, such as the Lukyamzn 4-way outdoor breaker box, featuring clear covers, bus bars, and easy wall mounting for solar or EV setups (homedepot.com) .
- o Lowe's stocks weatherproof electrical boxes for outdoor use, including ABS, PVC, and metal enclosures, with IP65-IP66 ratings suitable for residential and light commercial applications (lowes.com) .

Key Considerations

- o IP Rating: Choose IP65 for protection against rain and dust, IP66 for high-pressure water jets, and IP67 for

Where can I find waterproof electrical distribution boxes

temporary submersion.

- o Material: ABS plastic is lightweight and corrosion-resistant; metal enclosures offer higher impact resistance.
- o Size and Configuration: Select based on the number of circuits, DIN rail requirements, and internal space for wiring.
- o Installation: Look for pre-drilled mounting holes, DIN rail compatibility, and gasketed covers for reliable waterproofing. By selecting from these sources, you can find a waterproof electrical distribution box that meets your environmental, safety, and installation requirements.
