They offer over 3,000 references, including metallic coffrets, low-voltage panels, and industrial automation components . Website: ELECTRIC CENTER 4. Plastelec Plastelec is a leading Algerian manufacturer and distributor of electrical equipment, including MT/BT distribution protection, armoires de depart, disjoncteurs, and contactors. They operate across major cities such as Constantine, Oran, Algiers, and Tamanrasset, providing both low and medium voltage solutions . Website: Plastelec 5. Other Suppliers Machineequipments lists additional power distribution equipment manufacturers and exporters in Algeria, offering bulk supply options for industrial projects . Kompass also provides a directory of companies specializing in electric substations and switch-boxes .

Tips for Purchasing

- o Contact suppliers directly to confirm availability, specifications, and delivery options.
- o Check for certifications and brand quality, especially for industrial or high-voltage applications.
- o Consider local distributors for faster delivery and support, particularly in Algiers, Constantine, Oran, and other major cities.
- o Explore online catalogs to compare sizes, amperage ratings, and types of distribution boxes suitable for your installation. By reaching out to these suppliers, you can access a wide range of electrical distribution boxes and related equipment for both residential and industrial needs in Algeria.
