

Where to buy genuine Huawei fiber optic panels

Article Overview

Huawei fiber optic panels and related ONUs/ONTs can be purchased directly from Huawei, online marketplaces like AliExpress and Alibaba, or specialized optics retailers offering worldwide shipping.

Official Huawei Sources

Huawei offers a range of fiber optic panels and ONUs designed for enterprise, campus, and high-density scenarios. Products include the OptiXstar P602P, P632E, P603E-L1, P605E-L1, P612L, and P613E-E, which provide multiple GPON and Ethernet ports for voice, data, and HD video services . You can explore and purchase these products through Huawei Enterprise's official website under the Optical Terminal section .

Online Marketplaces

- o AliExpress: Offers a wide selection of Huawei fiber optic modules and panels with options for free shipping, returns, and discounts during sales events. You can filter by price, popularity, or shipping options to find suitable modules .
- o Alibaba: Provides Huawei FTTH solutions for home and business, including ONTs, OLTs, and passive optical splitters. This platform is ideal for bulk purchases or sourcing components for service providers .

Specialized Optics Retailers

- o ActiveOpticCables.com / Qsfp28Optics.com: Sell Huawei-compatible fiber optic transceivers (1G SFP, 10G SFP+, 25G SFP28, 40G QSFP+, 100G QSFP28, 400G QSFP-DD) with worldwide delivery . These retailers are suitable if you need high-quality, compatible components for existing Huawei networks.

Tips for Purchasing

- o Verify compatibility with your existing Huawei network equipment.
- o Check for warranty and return policies, especially when buying from third-party marketplaces.
- o Consider bulk orders from Alibaba or specialized optics suppliers for enterprise deployments.
- o Look for free shipping or promotional discounts on AliExpress to reduce costs. By exploring these sources, you can find Huawei fiber optic panels and modules suitable for both small-scale and large-scale network deployments.
